Our Executive Team

Philip K. Akalp, Esq

Founder & Chairman

Philip Akalp is a pioneer in the online legal document filing industry. With a passionate entrepreneurial spirit, Phil took an idea he thought of while in a law school class and presented it to his then partner, now wife, Nellie. The couple worked together to launch Phil's vision and turn it into a reality. In just a matter of a few years, that first business was at the forefront of the industry and soon was acquired by Intuit.

Still fueled by their entrepreneurial spirit, Phil and his wife Nellie launched CorpNet.com in 2009 and have again found themselves at the forefront of the online legal document filing industry. Phil has worked tirelessly to build CorpNet into the success it is today. He leads his team with the same heart and wisdom he leads his four children with, which is an inspiration to all around him.
